ABOUT US

Founded in 1995 as a teak and decorative veneer manufacturer, Superply began with a clear focus on quality craftsmanship and customer trust. What started as a passion for premium veneers has evolved into a respected name in the wood panel industry.

With over three decades of expertise and a commitment to innovation, we expanded in 2025 with a state-of-the-art plywood manufacturing facility, equipped with advanced technology and modern processes, reinforcing our promise of strength, precision, and durability.

At Superply, we create premium plywood solutions that seamlessly blend performance with elegance. Engineered for superior strength, moisture resistance, and termite protection, our products are ideal for residential, commercial, and large-scale applications.

SUPER 710

(ISI- 303 BWP GRADE)

SUPER 710 is a premium quality plywood. It is a product designed for high-value creative needs and high-class woodworking. Made with complete precomposed 4' x 8' cross core and full panels, cemented with thermosetting synthetic HSC resin under controlled pressure, temperature and time. The plywood is fire-resistant up to 20 minutes, and is termite & borer proof.

SUPER FIRE RETARDANT

(ISI- 5509, FR GRADE)

SUPER FIRE RETARDANT is an excellent "fire-safe plywood" with exceptional properties to resist the rate of burning beyond 45 min. Manufactured with hardwood species each layer being vacuum pressure impregnated with chemicals for fire resistance, borer, termite and fungus-proof properties. These panels are of high density, treated, assembled with unextended conventional phenolic resin at high pressure and temperature with high compression and durability that lasts for a lifetime. It meets E-0 standards, making it the safest and purest plywood to use and live with.

THICKNESS	PRICE	
	Rs. (sq.ft)	Rs. (sq.mtr)
4mm	74	796.536
6mm	84	904.176
9mm	99	1065.636
12mm	117	1259.388
16mm	155	1668.42
19mm	170	1829.88
25mm	225	2421.9
19mm B/B	175	1883.7
25mm B/B	230	2475.72

SUPER ARCHITECT CHOICE

(ISI- 5509 / ISI 710, FR + BWP GRADE)

SUPER ARCHITECT CHOICE is an all-in-one plywood that is best in its class. It is protected from rot, termites, borers, fungus, fire, and harsh weather, and is boiling water-proof for up to 120 hours. This plywood is free from any emissions, complying with E-0 standards, and is made from a 100% Gurjan core.
